

# INDEX TO VOLUME 15 (Original Articles)

## A

- Abdominoperineal excision of the rectum, synchronous, for carcinoma, 361
- Actinomycosis of the colon, 366
- Adenocarcinoma arising from an appendiceal villous adenoma, 461
- Adenocarcinoma, colonic and rectal, mucosal changes associated with, 184
- Adenocarcinomas, multiple of the colon and rectum, 1
- Adenoma, villous, and adenocarcinoma of the appendix, 461
- Adult patients, see Patients
- Air, portal venous, with survival in ulcerative colitis, 453
- Allergens, delayed, responses of patients with colonic carcinoma and other solid tumors to skin tests with (symposium), 106
- Amebic colitis, see Colitis
- American Proctologic Society, Convention, preliminary scientific program, 150
- American Proctologic Society, Presidential Address (Birnbaum), 85
- Anal canal, ectopic gastric mucosa and salivary glands in concomitant with a diverticulum in hemorrhoidal tissue, 57
- Anal canal, leiomyoma of, 299
- Anastomosis, gastrointestinal, hemorrhage, delayed, from suture line, 445
- Anesthesia, ketamine and local in anorectal surgery, 11
- Anomalies, congenital of the anus and rectum, 135
- Anorectal surgery, see Surgery
- Anorectum, condyloma acuminatum, giant, of, 207
- Antacid treatment for duodenal ulcer, intestinal obstruction due to, 55
- Antigen, carcinoembryonic (CEA), clinical evaluation of a radioimmunoassay for (symposium), 111
- Anus, congenital anomalies of, diagnosis and treatment, 135
- Anus, contracture of, internal anal sphincterectomy in correction, 201
- Anus, fissures of, evaluation of surgical treatment, 222
- Anus, incontinence corrected by gracilis-muscle transplant, 292
- Appendicitis, amebic, with fulminating peritonitis, 308
- Appendix, adenoma, villous, and adenocarcinoma of, 461
- Appendix, carcinoma, metastatic, of, 305
- Appendix, endometriosis of, 253
- Appendix, perforated, and periappendicular abscess, incarcerated inguinal hernia with, 464
- Appendix, pseudomyxoma peritonei originating from, 420
- Atresia, anal and rectal, 135

## C

- Cancer, see also Carcinoma, Neoplasms, Tumors
- Cancer of the colon and rectum, current concepts of etiology, immunology, and chemotherapy (symposium), 93

- Cancer, colonic, cell kinetics, chemotherapy, and (symposium), 120
- Cancer, colorectal, adjuvant chemotherapy with 5-fluorouracil in surgery for, 169
- Cancer, human in large intestine, similarities to experimentally induced neoplasms (symposium), 94
- Cancer, large intestine, immunotherapy for (symposium), 116
- Cancer, metachronous of the large intestine, 261
- Cancer, rectal, electrocoagulation of, 228
- Cancer, rectal, fulguration of, 431
- Carcinoembryonic antigen, see Antigen
- Carcinoid syndrome, 383
- Carcinoid tumors, see Tumors
- Carcinoma, see also Adenocarcinoma, Cancer, Neoplasms, Tumors
- Carcinoma, appendiceal, metastatic, 305
- Carcinoma, cervical presenting with rectal symptomatology, 373
- Carcinoma, colonic, delayed hypersensitivity responses of patients with (symposium), 106
- Carcinomas, colonic, human, cellular immunity to (symposium), 100
- Carcinoma, colonic, recurrent and metastatic, radiation treatment of, 436
- Carcinoma, colonic, right, immediate and remote results of management, 233
- Carcinoma, rectal, recurrent and metastatic, radiation treatment of, 436
- Carcinoma, rectal, synchronous abdominoperineal excision for, 361
- CEA, see Antigen, carcinoembryonic
- Cecum, ulcer, nonspecific, of, diagnosed preoperatively by colonofiberscopy, 413
- Cell kinetics, chemotherapy, and colonic cancer (symposium), 120
- Cellular immunity, see Immunity
- Cervix, carcinoma of, presenting with rectal symptomatology, 373
- Chemotherapy of cancer of the colon and rectum, current concepts (symposium), 93
- Children, familial polyposis in, 23
- Clubbed fingers, see Fingers
- Colitis, amebic ulcerative, differential diagnosis, 147
- Colitis, ulcerative, differential diagnosis of nonspecific and amebic, 147
- Colitis, ulcerative, fulminating, pitfalls in surgical management, 280
- Colitis, ulcerative, portal venous air with survival in, 453
- Colitis, ulcerative, regional ileitis, and clubbed fingers, 278
- Colon, actinomycosis of, 366
- Colon, adenocarcinomas, multiple, of, 1
- Colon, cancer of, cell kinetics, chemotherapy, and (symposium), 120
- Colon, cancer of, current concepts of etiology, immunology, and chemotherapy (symposium), 93
- Colon, carcinoid tumors of, 383
- Colon, carcinoma of, delayed hypersensitivity responses of patients with (symposium), 106
- Colon, carcinoma of, recurrent and metastatic, radiation treatment of, 436

- Colon, carcinomas, human, cellular immunity to (symposium), 100
- Colon, diverticulum, giant sigmoid, of, 63
- Colon, inflammatory disease of, electron-microscopic study, 265
- Colon, leiomyosarcoma of, 211
- Colon, linitis plastica of, 217
- Colon, lipoma of, 370
- Colon, lymphangiectasia of, 49
- Colon, megacolon in teen-aged and adult patients, 14
- Colon, mucosal changes associated with adenocarcinoma of, 184
- Colon, polyps of, endoscopic ligation, 30
- Colon, proctosigmoiditis of, emerging concepts, 142
- Colon, right, carcinoma of, immediate and remote results of management, 233
- Colon, volvulus of the splenic flexure, 466
- Colonofiberscopy, cecal ulcer, nonspecific, diagnosed preoperatively by, 413
- Colonofiberscopy, technic of, 403
- Colorectum, cancer of, adjuvant chemotherapy with 5-fluorouracil in surgery for, 169
- Colostomy irrigation—a transatlantic controversy, 357
- Condyloma acuminatum, giant, of the anorectum, 207
- Congenital anomalies, see Anomalies
- Contracture, anal, internal anal sphincterectomy in the correction of, 201
- Cryosurgical hemorrhoidectomy, see Hemorrhoidectomy
- Cyst, intestinal-gas, as a complication of diverticulitis, 448
- D**
- Disease, diverticular, vaginal fistulas as a complication of, 41
- Disease, Hirschsprung's, 135
- Disease, Hirschsprung's (letters to the editor), 311, 312
- Disease, inflammatory colonic, electron-microscopic study, 265
- Disease, inflammatory, proctosigmoiditis, 142
- Disease, inflammatory of small intestine, long-tube gastrostomy with internal intestinal splinting in, 7
- Disease, ulcerative, of the large intestine in patients more than 50 years old, 33
- Disease, von Recklinghausen's, with involvement of the rectum, 459
- Diverticular disease, see Disease
- Diverticulitis, intestinal-gas cyst as a complication, 448
- Diverticulum, giant sigmoid, 63
- Diverticulum in hemorrhoidal tissue, ectopic gastric mucosa and salivary glands in the anal canal concomitant with, 57

**E**

- Ectopic endometrial tissue in the intestines and appendix, 253
- Ectopic gastric mucosa and glandular tissue of a salivary type in the anal canal concomitant

- with a diverticulum in hemorrhoidal tissue, 57
- Electrocoagulation of cancer of the rectum, 228
- Electron-microscopic study of inflammatory colonic disease, 265
- Endometriosis of the appendix, 253
- Endometriosis of the intestines, 253
- Endoscopic ligation treatment of colonic polyps, 30
- Enterocolic intussusception, see Intussusception

**F**

- Familial polyposis, see Polyposis
- Fiberscopy, see Colonofiberscopy
- Fingers, clubbed, regional ileitis, ulcerative colitis, and, 278
- Fissures, anal, evaluation of surgical treatment, 222
- Fistula, cecovaginal as a complication of peridiverticulitis, 41
- Fistula, sigmoidovaginal as a complication of peridiverticulitis, 41
- 5-Fluorouracil, adjuvant chemotherapy with in surgery for colorectal cancer, 169
- Fulguration of selected cancers of the rectum, 431

**G**

- Gardner's syndrome, 301
- Gas cyst, see Cyst
- Gas in the portal venous system with survival in ulcerative colitis, 453
- Gastrostomy, long-tube with internal intestinal splinting in inflammatory disease of the small intestines, 7
- Giant sigmoid diverticulum, see Diverticulum
- Gracilis-muscle transplant for correction of anal incontinence, 292

**H**

- Hemangioma, diffuse cavernous of the rectum, 377
- Hemorrhage, delayed, from a gastrointestinal anastomotic suture line, 445
- Hemorrhoidectomy, cryosurgical, follow-up report, 128
- Hemorrhoids, rubber-band ligation, anesthetic-steroid suppositories assessed after, 66
- Hernia, inguinal, incarcerated, with a perforated appendix and periappendicular abscess, 464
- Hirschsprung's disease, 135
- Hirschsprung's disease (letters to the editor), 311, 312
- Hypersensitivity responses, delayed, of patients with carcinoma of the colon and other solid tumors (symposium), 106

**I**

- Ileitis, regional, ulcerative colitis, and clubbed fingers, 278
- Ileus of the large intestine, clinical problems in management, 175
- Immunity, cellular, to human colonic carcinomas (symposium), 100
- Immunology of cancer of the colon and rectum, current concepts (symposium), 93
- Immunotherapy for cancer of the large intestine (symposium), 116

- Incontinence, anal, gracilis-muscle transplant for correction, 292
- Inflammatory disease, see Disease
- Intestine, endometriosis of, 253
- Intestine, large, cancer of, immunotherapy for (symposium), 116
- Intestine, large, cancer, metachronous, of, 261
- Intestine, large, ileus of, clinical problems in management, 175
- Intestine, large, lipoma of, 441
- Intestine, large, neoplasms of, human and experimentally induced, similarities (symposium), 94
- Intestine, large, ulcerative disease of in patients more than 50 years old, 33
- Intestine, obstruction of, due to antacid treatment for duodenal ulcer, 55
- Intestine, obstruction of, ten-year experience, 426
- Intestine, small, long-tube gastrostomy with internal intestinal splinting in inflammatory disease of, 7
- Intussusception, enterocolic in adults, 194

# K

- Ketamine hydrochloride, intravenous, and local anesthesia in anorectal surgery, 11
- Kinetics, cell, chemotherapy, and colonic cancer (symposium), 120

# L

- Leiomyoma of the anal canal, 299
- Leiomyosarcoma of the colon, 211
- Ligation, endoscopic, of colonic polyps, 30
- Ligation, rubber-band, of hemorrhoids, anesthetic-steroid suppositories assessed after, 66
- Linitis plastica of the colon and rectum, 217
- Lipoma of the colon, 370
- Lipoma of the large intestine, 441
- Lymphangiectasia, colonic, 49

# M

- Marlex, see Polypropylene mesh
- Megacolon in teen-aged and adult patients, 14
- Mesh, polypropylene, see Polypropylene
- Metachronous cancer, see Cancer
- Microscopic study, electron, see Electron-microscopic
- Mucocele, appendiceal or ovarian, rupture, resulting in pseudomyxoma peritonei, 420
- Mucosa, changes associated with adenocarcinoma of the colon and rectum, 184
- Mucosa, gastric, ectopic in the anal canal concomitant with a diverticulum in hemorrhoidal tissue, 57

# N

- Neoplasms, human in large intestine, similarities to experimentally induced neoplasms (symposium), 94
- Neurofibromatosis with involvement of the rectum, 459

# O

- Obstruction, intestinal, due to antacid treatment for duodenal ulcer, 55

- Obstruction, intestinal, ten-year experience, 426
- Operation, see under Surgery
- Ovary, pseudomyxoma peritonei originating from, 420

# P

- Patients, adult, enterocolic intussusception in, 194
- Patients, adult, megacolon in, 14
- Patients older than 50 years, ulcerative disease of the large intestine in, 33
- Patients, teen-aged, megacolon in, 14
- Peridiverticulitis, sigmoidovaginal and cecovaginal fistula as a complication of, 41
- Peritonitis, fulminating, amebic appendicitis with, 308
- Polyposis, familial, in children, 23
- Polypropylene mesh (Marlex), rectal procidentia corrected with, 416
- Polyps, adenomatous, human, similarities to those experimentally induced in rats (symposium), 94
- Polyps, colonic, endoscopic ligation of, 30
- Portal veins, see Veins
- Procidentia (symposium), 329
- Procidentia, rectal, etiology (symposium), 330
- Procidentia, rectal, polypropylene mesh (Marlex) used to correct, 416
- Procidentia, rectal, recent experiences in treating (symposium), 347
- Procidentia, rectal, surgical treatment of (symposium), 337
- Procidentia, rectal, surgery, definitive corrective, for (symposium), 334
- Proctosigmoiditis, emerging concepts, 142
- Prolapse, see Procidentia
- Pseudomyxoma peritonei, 420
- Pull-through operation, modification of, 288

# R

- Radiation treatment of recurrent and metastatic cancers of the colon and rectum, 436
- Radioimmunoassay for carcinoembryonic antigen (CEA), clinical evaluation (symposium), 111
- Rectal procidentia, see Procidentia
- Rectum, abdominoperineal excision, synchronous, for carcinoma of, 361
- Rectum, adenocarcinomas, multiple, of, 1
- Rectum, cancer of, current concepts of etiology, immunology, and chemotherapy (symposium), 93
- Rectum, cancer of, electrocoagulation, 228
- Rectum, cancer of, fulguration, 431
- Rectum, carcinoma, recurrent and metastatic of, radiation treatment, 436
- Rectum, congenital anomalies of, diagnosis and treatment, 135
- Rectum, hemangioma, diffuse cavernous, of, 377
- Rectum, linitis plastica of, 217
- Rectum, mucosal changes associated with adenocarcinoma of, 184
- Rectum, neurofibromatosis with involvement of, 459
- Retention, urinary after anorectal operations, prevention of, 69

## S

- Salivary glands, ectopic in the anal canal concomitant with a diverticulum in hemorrhoidal tissue, 57
- Sigmoidal curve, the (Presidential Address), 85
- Solid tumors, see Tumors
- Sphincterectomy, anal, internal, in the correction of anal contracture, 201
- Splenic flexure, volvulus of, 466
- Stenosis, anal, see Contracture
- Stenosis, anorectal, 135
- Suppositories, anesthetic-steroid, assessment following rubber-band ligation of hemorrhoids, 66
- Surgery, anorectal, ketamine and local anesthesia in, 11
- Surgery, anorectal, urinary retention after, prevention of, 69
- Surgery, colitis, ulcerative, fulminating, treated by, pitfalls in management, 280
- Surgery, colorectal for cancer, adjuvant chemotherapy with 5-fluorouracil, 169
- Surgery, fissures, anal, treated by, evaluation of various methods, 222
- Surgery, pull-through operation, modification of, 288
- Surgery, rectal procidentia, definitive corrective for (symposium), 334
- Surgery, rectal procidentia, methods (symposium), 337
- Surgery, rectal procidentia, recent experiences (symposium), 347
- Surgery, synchronous abdominoperineal excision of the rectum for carcinoma, 361
- Suture line, gastrointestinal anastomotic, hemorrhage, delayed, from, 445

- Symposium: Newer Concepts of Cancer of the Colon and Rectum, 93
- Symposium: Procidentia, 329
- Syndrome, Gardner's, 301

## T

- Teen-aged patients, see Patients
- Transplant, gracilis-muscle, for correction of anal incontinence, 292
- Tumors, see also Cancer, Carcinoma, Neoplasms
- Tumors, carcinoid of the colon exclusive of the rectum, 383
- Tumors, solid, delayed hypersensitivity responses of patients with (symposium), 106
